

Writing bits

Machines:
CNC

Applications:
furniture

The extensive Diamut range also includes writing bits with a 2 mm to 10 mm diameter with 1/2" GAS support.

Cones

Diamut's product offering also includes a wide choice of cones available for all of the most popular machines on the market. In addition to versions for wheels with 22, 35 and 50 bore, cones can be requested for other tools and machines for milling cutters and drills.
